

Re-imagining the Future of the Digital Enterprise

Paving the way for the digital enterprise of the future, the 3rd Annual Digital Saudi 2030 Show, the Kingdom's biggest Digital Transformation Show is back.

The organizers of the show have partnered with the National Digital Transformation Unit (NDU) which is the centre of excellence mandated to accelerate the efforts to achieve the Saudi Vision 2030 objectives. The Vision is to make Saudi Arabia a leading digital hub, pioneering the economy to build the Kingdom.

The show has gained popularity over the years as it is the only platform in Saudi Arabia that plays host to some of the biggest names in the business. The program will host the world's top solution providers and will bring 500+ of the Kingdom's most influential individuals that belong to the Government, Semi - government and top corporates from various industry verticals who are responsible for implementing digital transformative strategies in their organizations.

Some of the topics that will be covered on the 19th and 20th of November at the Al Faisaliah Hotel in Riyadh, Saudi Arabia are AI & RPA, Future Cities & Government, Data & Analytics, Finnovation, Digital Security and The Future Enterprise.

Commenting on the show, Hari Damodaran, General Manager, Digital Saudi 2030 says, "After organizing two successful editions in Riyadh and another edition in Jeddah for the family offices and business conglomerates in the Western region, the 3rd Annual of the show in Riyadh is now much bigger and better. With the theme to 'Create the Organizations of the Future', this comprehensive platform will bring together the who's who of the biggest organizations in Saudi Arabia and some of the world's best solution providers showcasing their latest on the digital transformation front". He further adds, "In line with the National Transformation Program (NTP) of Saudi Arabia, which requires a host of the latest in technology, including AI, Robotics Process Automation, Data & Analytics, Enterprise technologies, to name a few. This will place Saudi at the centre of global advancements and provide a wide range of opportunities for the people of the Kingdom".
