

The 25th Edition of World Blockchain Summit is set to take place in Dubai

Under the Patronage of The Private Office of His Highness Sheikh Juma Ahmed Juma Al Maktoum, member of the ruling family of Dubai, the 22nd global edition of the World Blockchain Summit taking place on will bring together some of the world's leading crypto influencers, policymakers, key government delegates, media, family offices, HNIs, and other curated investors among others to foster the crypto and blockchain community across the globe.

Tuesday, October 18, 2022: The 23rd global edition of the World's Biggest Blockchain Summit Series is making a return to Dubai on October 17-18, 2022 at Atlantis, The Palm, Dubai, UAE. The World Blockchain Summit will be one of the most elite gatherings of the global crypto and blockchain ecosystem.

Dubai has set its sights on becoming a global tech hub by attracting entrepreneurs, investors and even crypto influencers as marketing capitalization hits \$1.4 trillion up 86% year-to-date, with the Middle East's blockchain market anticipated to be worth \$3.2 billion by 2023.

The UAE has started implementing crypto regulation in the past year, issuing more than 30 exchange licenses and establishing a devoted regulatory body. But will UAE's new regulatory structure make the market grow even faster? And will the Emirati government be able to regulate cryptocurrency quickly and effectively? World Blockchain Summit looks forward to answering these questions and bring together industry experts and thought leaders to understand what the blockchain future looks like.

In line with Dubai's vision of being a global Web3 hub, leadership backing, and digital asset regulatory frameworks, the summit will feature presentations, use-case studies, and educational sessions by global technology providers who will be showcasing their latest innovations designed with the primary focus on enabling businesses and organizations to adopt Blockchain and Crypto solutions.

"The government's focus on blockchain is evident in the UAE, with various initiatives and ventures related to the technology. The event will essentially explore what lies ahead for UAE in terms of blockchain adoption in various industries, technological and regulatory advancements." stated **Mohammed Saleem** – Founder, World Blockchain Summit

About World Blockchain Summit (WBS)

World Blockchain Summit is a global series of elite gatherings that take place in 19+ destinations across the world.

It is a thought-leadership-driven initiative that brings together the most important stakeholders from the Blockchain and Cryptocurrency ecosystem such as investors, blockchain and crypto projects, exchanges, enterprises, government representatives, and technology leaders - to discuss and deliberate the future of the industry and the revolutionary ways it can transform businesses and government functions.

The summit also features inspirational keynotes, pitch competitions, panel discussions, investor meet-ups, project showcases, industry use-cases and a host of formal and informal networking opportunities.
