# Canada's largest hydrogen conference and exhibition returns to Edmonton, April 22-24, 2025

## The Canadian Hydrogen Convention gathers industry leaders to discuss hydrogen as an economic driver in Canada's energy market

EDMONTON, Alberta, April 08, 2025 (GLOBE NEWSWIRE) -- The [Canadian Hydrogen Convention](#), organized by [dmg events](#), returns to the Edmonton Convention Centre for its fourth year, from April 22-24, 2025. As Canada's largest hydrogen exhibition and conference, the convention is where over 10,000 attendees will converge with senior stakeholders from industry and government to explore, develop and strengthen opportunities in domestic and international hydrogen markets. This year's event is co-hosted by [Edmonton Global](#) and [Air Products](#) and is the only annual meeting place for energy executives, government officials, Indigenous leaders and global investors that foster international collaboration, align strategies and global partnerships that will fuel global hydrogen demand – critical to Canada's low-carbon energy future.

This year's event features over [100 exhibiting companies](#), a [strategic](#) and [technical conference](#) with over 200 expert speakers and an awards gala, sponsored by [CPKC](#), to recognize industry leaders who have been at the forefront of advancing the hydrogen sector throughout the past year.

"This year's key themes are driving a very powerful and meaningful gathering in Edmonton," says Nick Samain, Senior Vice President North America, dmg events. "The program is directly reflecting the key growth areas of unleashing a demand economy for hydrogen, growing and diversifying Canada's international customer and investment base, and showcasing the game-changing technology that is innovating the next generation of the hydrogen sector."

Sponsored by Air Products, the strategic conference will spotlight hydrogen as a driving force in the global shift toward sustainable energy amid evolving geopolitical landscapes. Through expert-led discussions infrastructure development, investment and export strategies, and amplifying demand across Canada's hydrogen hubs, the conference will uncover the vast potential of hydrogen applications in Canada and beyond.

The 2025 speaker line-up includes:

- Honourable Brian Jean, Minister of Energy and Minerals, **Government of Alberta**
- Honourable René Legacy, Deputy Premier, Minister of Finance and Treasury Board, Minister responsible for Energy, **Government of New Brunswick**
