

Pre-Event Coverage for Pharmtech & Ingredients 2025

Pharmtech & Ingredients, Eurasia's leading exhibition for pharmaceutical manufacturing, returns for its 27th edition from **25–28 November 2025** at **Crocus Expo, Moscow**.

Against the backdrop of Russia's pharmaceutical market reaching a record-breaking **\$33.5 billion USD** in 2024 and government procurement up by **28%** in early 2025, the need for international solutions, technology, and expertise has never been greater.

The event will gather key suppliers, manufacturers, technology innovators, and packaging leaders under one roof, offering unmatched access to Russia's growing demand across the pharmaceutical supply chain – from APIs to finished dosages, laboratory equipment to biotech solutions.

Exhibitors and visitors will explore new market opportunities, strengthen regional partnerships, and tap into one of Eurasia's fastest-growing sectors.

Pharmtech & Ingredients is not just a trade show – it is the gateway for companies aiming to establish or expand their presence in Russia and beyond.

Dates: 25–28 November 2025

Location: Crocus Expo, Moscow, Russia
