

# MiningWorld Russia 2026 Gears Up for Landmark 30th Edition in Moscow

**Moscow, Russia – MiningWorld Russia**, the country’s most influential exhibition for the mining and mineral extraction industry, is set to return for its **30th anniversary edition** from **April 21 to 23, 2026**, at **Crocus Expo, Moscow**.

As the foremost B2B event for mining machinery, equipment, and technologies in Russia and the CIS, *MiningWorld Russia 2026* will once again bring together global innovators, solution providers, and key decision-makers from mining companies, mineral processing plants, and industrial buyers across 75+ Russian regions and 30+ countries.

With three decades of successful exhibitions behind it, the 2026 edition is anticipated to be a landmark event, reflecting the strength, scale, and resilience of Russia’s mining sector.

## **What to Expect in 2026:**

- **600+ exhibitors** showcasing cutting-edge machinery and digital solutions
- **9,000+ mining industry professionals** in attendance
- **More than 32 participating countries**
- **Over 30,000 sqm of exhibition space**

## **Tapping into Russia’s \$75 Trillion Resource Market**

With an estimated \$75 trillion in natural resource reserves, Russia remains a dominant force in the global mining economy. *MiningWorld Russia 2026* presents a high-value gateway for international companies seeking to connect with strategic buyers, distributors, and mining executives active in this vast and dynamic market.

### **Key Features of the 2026 Show:**

- **Heavy Equipment Territory** – Live demonstrations of large-scale machinery and industrial vehicles
- **Business Programme** – Over **12 expert-led events**, including the *Mining Industry Leaders Forum*, *Geological Exploration Day*, *Gold & Technology Sessions*, and the celebrated *Mining Industry 4.0* competition
- **90+ industry speakers & 1,000+ business listeners** – Insight from top mining companies such as Norilsk Nickel, ALROSA, Polymetal, Highland Gold, and more

### **For Exhibitors:**

Exhibiting at *MiningWorld Russia 2026* means:

- Reaching a focused, high-quality audience of professionals and buyers
- Showcasing new products and innovations at the heart of the Russian mining market
- Gaining firsthand insights into industry trends including AI, automation, energy efficiency, and sustainability
